Dear Lou,

Don and I want to say "thank you" for the beautiful job your company has done to our property.

My husband came home from his business trip and was very pleased to see how your team's hard work and patience made our grounds look so good!

In addition, special thanks to Bridget and Kenny for spending extra time in getting the job completed so well!

We will be more than glad to refer your company to anyone any time.

Thanks again.

Sincerely,

Jayne and Don Lindberg
